SPRAYERS

**PULMIC**<sup>®</sup>  
TAKE CONTROL

CATALOG **2025**

**EZ Tools & Sprayers**, based in Lake Zurich IL, is a company dedicated to manufacturing extremely high quality commercial and DIY garden, agriculture, outdoor cutting tools and sprayers.

Today our brands have a presence in more than 60 countries. We have a competitive advantage by controlling the entire manufacturing process. From design, mold manufacturing, injection of plastic parts, assembly, quality control and customer service.

Our international headquarters and factory is located in Valencia, Spain. (Europe) The factory has more than 322,000 square feet. It is composed of a multi disciplinary team. R&D, engineers, product designers, project managers and management.

**EZ Tools & Sprayers** is made up of 3 unique brands.

*"We are capable of adapting to the needs of our customers by controlling the entire product manufacturing process"*

PULMIC brand specialized in agricultural spraying. PULMIC products are designed for professionals who want to have the greatest possible control of applications with high quality performance and always respecting the environment.

1987 — Pulmic

1988 — Ez-Kut

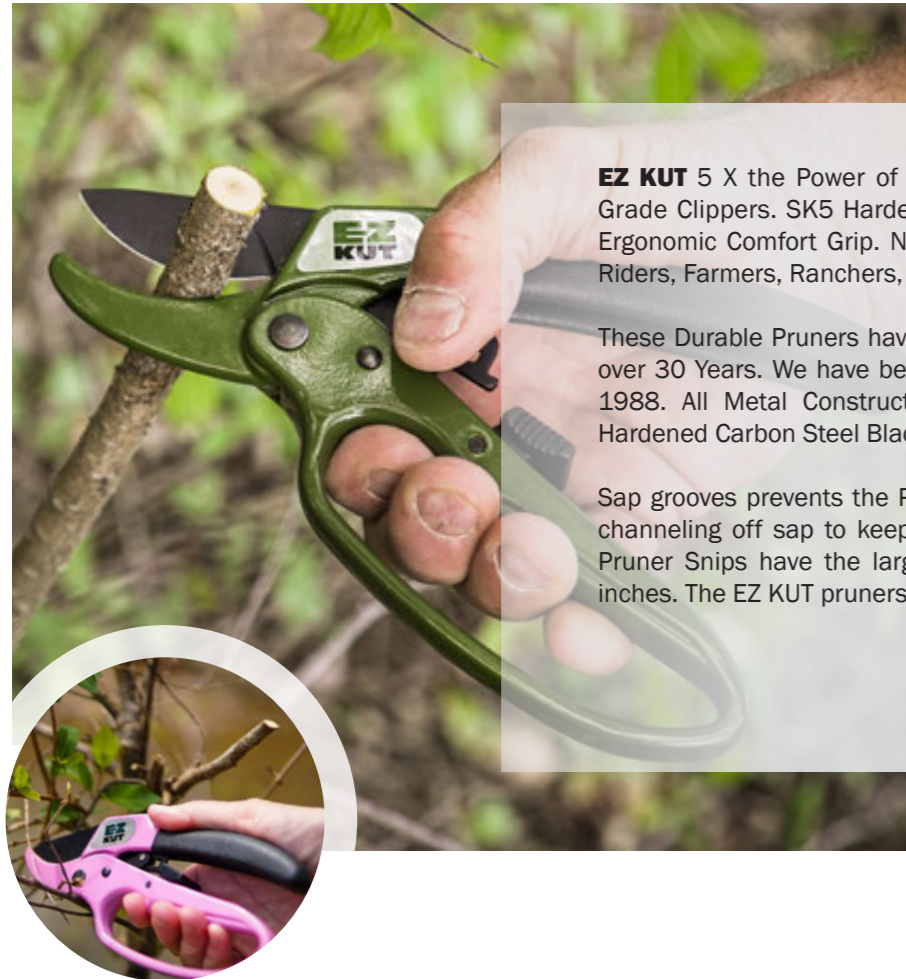

KAMIKAZE brand specialized in outdoor cutting tools for different uses. It is one of the leading brands in the European market, where the combination of Japanese steel with components manufactured by us makes the products competitive and high performance.

2000 — Kamikaze

## About our brands

**EZ KUT** was born from the desire to build extremely high quality. EZ KUT's time tested designs, have survived the harshest environments and toughest individuals. From weekend warriors to the hardcore professionals. The EZ KUTTER is someone who hates junk tools and doesn't settle for anything less than the best.

# EZ KUT RATCHET PRUNERS

**EZ KUT** 5 X the Power of Conventional Shears, Heavy Duty Professional Grade Clippers. SK5 Hardened Carbon Steel, Non Stick Coated Blade and Ergonomic Comfort Grip. Number 1 Rated by Outdoorsman, Hunters, Trail Riders, Farmers, Ranchers, Home and Garden.

These Durable Pruners have been tested in the Harshesht Environments for over 30 Years. We have been standing by our quality and guarantee since 1988. All Metal Construction. High Quality Cast Aluminium Body. SK5 Hardened Carbon Steel Blade with a Non Stick Coating.

Sap grooves prevents the Pruning Cutters from sticking and saves time by channeling off sap to keep the blade clean of debris after each cut. Our Pruner Snips have the largest cutting capacity. Can easily cut up to 1.5 inches. The EZ KUT pruners can also circle cut Like No Other Cutter.

**THE EZ KUT G2 LOPPER BY EZ KUT IS BY FAR ONE OF BEST LOPPERS IN THE WORLD!! IT IS PROFESSIONAL COMMERCIAL GRADE.**

Telescoping handles extend from 18 to 42 inches. Reaches almost 10 feet with Aircraft Aluminium extending handles, patented Oiler Bolts for constant lubrication of the key pivot points. Only cutter with replaceable handles. All rubber grips, 6-stage ratcheting action. Cuts up to 3.5 inches with ease. SK5 Steel Blade, non-stick coated replaceable and sharpenable blade. Patent pending MAX Technology. This tool allows you to cut max diameter branches without losing your height when you fully open your lopper jaws. This is not a cheap junk lopper like most Chinese tools. It is a Commercial Grade, Professional Cutter. Great for Landscapers, Hunters, Arborists, Campers, Linemen, Trail Blazers, Trail Riders, Outfitters, and Home Maintenance.

## SPECIFICATIONS

**HIGH PERFORMANCE DIAPHRAGM PUMP** Ideal for insecticide, fungicide and herbicide application thanks to its three working speeds, unique in the market. They always work with constant pressure and droplet size.

**3S SYSTEM:** Electronic regulation of the membrane pump pressure, facilitating 3 types of pressures from 14.5 to 58 PSI and optimizing battery autonomy. 3 application speeds; low pressure (suitable for herbicide treatments), intermediate pulsation (suitable for herbicide and insecticide treatments depending on the needs of the operator and the selected nozzle) and high pressure spray (recommended for insecticide treatments and medium-high crops.)

**UP TO 7 HOURS OF AUTONOMY:** lithium battery with removable Samsung technology of 18 volts 2.6 Ah with up to 7 hours of autonomy. The battery has a light indicator to see the state of charge.

HEIGHT: 10.63 inches | LENGTH: 6.75 inches | WIDTH: 15 inches
